## Objective

Results-driven Computer Science student with strong skills in web development, programming, and database management. Known for proactive problem-solving, attention to detail, and a commitment to continuous learning. Eager to apply technical knowledge and contribute to innovative and impactful projects in a dynamic environment.

## Education

**Vasireddy Venkatadri Institute of Technology** 2022 – 2026
BTech , Computer Science and Engineering
CGPA:8.15

**Board of Intermediate Education** 2020 - 2022

Percentage : 96.8

**Board of Secondary Education** March 2020

Percentage :100

## Skills

- **Programming Languages:** Python, Java
- **Web Development:** HTML, CSS , JavaScript, Bootstrap
- **Databases:** Mongodb, MySQL
- **Backend FrameWorks:** Node.js, Express.js
- **Tools and Platforms:** Git, GitHub, VS Code, Figma (UI/UX).

## Projects

- **Olympic Medal Prediction using Machine Learning:**
  Tech Stack: Python (Pandas, NumPy, Scikit-Learn, Seaborn). **[Repository Link]**
  - Predicted Olympic medal counts for countries using historical Olympic datasets.
  - Performed data cleaning, exploratory data analysis, and correlation visualization to identify key factors such as athlete participation and previous medal counts.
  - Evaluated model performance using Mean Absolute Error (MAE ~3.29 medals) and analyzed prediction errors across countries.
- **Chit Fund Management System:**
  Tech Stack: HTML, CSS, JavaScript, Node.js, Express.js, MongoDB.
  - Managed chit fund members, contributions, and payment tracking through a web-based system.
  - Implemented member registration, installment management, and fund distribution features.
  - Organized financial records to simplify monitoring of payments and member participation.
- **Team Work Management System:**
  Tech Stack: MongoDB, Express.js, Node.js, JavaScript, HTML, CSS. **[Repository Link]**
  - Managed tasks, team discussions, and file sharing within collaborative teams
  - Implemented authentication, task tracking, and real-time communication features.
  - Improved team productivity through organized task management.

## Certifications

- Generative AI: Introduction and Applications – IBM Aug 2025
- Project Management Essentials – Coursera Aug 2025
- Principles of UI/UX Design – Meta July 2025
- HTML and CSS – Meta June 2025
- Python (Basic) – Hacker Rank Nov 2024
- Programming in Java – NPTEL Apr 2024
