Objective

Constantly seeking to engage my knowledge to learn something useful and keep challenging myself to be a better performer in accordance to the company's requirements. Good and quick learner, team player, interested to learn new things, flexible with different technologies.

Education

Vasireddy Venkatadri Institute of Technology BTech , Computer Science and Engineering CGPA: 8	2022 – 2026
Board of Intermediate Education Percentage : 96.8	2020 - 2022
Board of Secondary Education Percentage :100	March 2020

Skills

- **Programming Languages:** C, Java, Python
- **Web Development:** HTML, CSS , JavaScript, Bootstrap, MERN stack
- **Databases:** MongoDB, MySQL
- **Tools:** Git, GitHub, VS Code, Figma, Google Colab, Power BI, Excel.

Projects

- **Chit Fund Management System:**
Tech Stack: HTML, CSS, JavaScript, Node.js, Express.js, MongoDB.
 - Managed chit fund members, contributions, and payment tracking through a web-based system.
 - Implemented member registration, installment management, and fund distribution features.
 - Organized financial records to simplify monitoring of payments and member participation.
- **Olympic Medal Prediction using Machine Learning:** [Repository Link]
Tech Stack: Tech Stack: Python (Pandas, NumPy, Scikit-Learn, Seaborn).
 - Predicted Olympic medal counts for countries using historical Olympic datasets. - Performed data cleaning, exploratory data analysis, and correlation visualization to identify key factors such as athlete participation and previous medal counts.
 - Evaluated model performance using Mean Absolute Error (MAE ~3.29 medals) and analyzed prediction errors across countries.
- **Agent Distribution System:** [Repository Link]
Tech Stack: MongoDB, Express.js, React.js, Node.js (MERN Stack).
 - Managed task distribution among agents through a web-based MERN stack application.
 - Implemented admin authentication, agent management, and CSV/XLSX file upload with validation.
 - Automated task allocation to evenly distribute records among agents and provided a dashboard to monitor distributed tasks.

Certifications

- | | |
|--|-----------|
| • Generative AI: Introduction and Applications – IBM | Aug 2025 |
| • Project Management Essentials – Coursera | Aug 2025 |
| • Principles of UI/UX Design – Meta | July 2025 |
| • HTML and CSS – Meta | June 2025 |
| • Programming in Java – NPTEL | Apr 2024 |
